2 75mwh solar container energy storage system in Netherlands

Overview

Where is the Netherlands' largest stand-alone battery energy storage system located?

Dispatch, a Dutch battery developer, is going to construct the Netherlands' largest stand-alone Battery Energy Storage System (BESS) in the port area of Dordrecht. The system will be used for grid stabilization by storing excess energy from renewable sources. The battery, consisting of 144 Fluence cubes will be located on a 6000m² site.

Will dispatch build the Netherlands' largest stand-alone battery energy storage system?

This project marks the first of many aimed at developing up to 3GWh of BESS projects across the Netherlands, Belgium, and Germany over the next seven years. Dispatch, a leading Dutch battery developer, is going to construct the Netherlands' largest stand-alone Battery Energy Storage System (BESS).

What will equans Netherlands do for Eneco?

Equans Netherlands will take charge of the engineering and construction of the battery storage system. Eneco will use the battery on a long-term basis to manage differences in supply and demand in energy markets.

What is LZY solar storage?

LZY offers large, compact, transportable, and rapidly deployable solar storage containers for reliable energy anywhere.
