

# Abkhazia solar glass tiles

## Overview

---

Are solarplexus glass tiles a good choice?

A great advantage of SOLARplexus glass tiles is the simple and fast assembly - from bottom to top - on a standard supporting batten. The roof can still be walked on and the simple plug-in system makes mounting or replacing easy. The SOLARplexus tiles are the perfect weather resistant energy supplier and also a timeless design element.

Are solarplexus inroof glasses a good idea?

One of the answers lies in self-generated energy. With SOLARplexus Inroof glasses, aesthetically designed photovoltaics are efficiently put on the roof. The eyesore of added unsightly frames on top of the roof are no longer needed because the PV cells are integrated directly into the laminated safety glass roof tiles. IS SIMPLY BETTER!.

What is a solarplexus roof?

The SOLARplexus tiles are the perfect weather resistant energy supplier and also a timeless design element. With two standard sizes, a variety of matt and glossy finishes, as well as special color variants, the SOLARplexus roof offers creative design options for architects and roofers.
