Battery 12v inverter to 220v high power self-operated

Overview

What types of inverters are available?

We offer a variety of specifications and models of inverters to meet your power needs, whether for home, automotive, or travel purposes. The Leaptrend Sirius series 3000W 12V Pure Sine Wave Inverter is perfect for most off-grid systems, whether for a van, RVs, trucks, boats, yachts, coffee van inverter or any remote location needing power.

What is a 120W car inverter?

120w car inverter, DC 12V to AC 220V, peak power of 300w, aluminum alloy shell, power conversion efficiency up to 90%. The power inverter for car has overheat protection, overload protection, short circuit protection and other functions, the working temperature is (-10°C, 50°C), and there is no noise when working.

What is a 12V inverter for car?

The power switch of the 12v inverter for car can completely cut off the internal circuit, and the battery can be protected from damage after disconnection. With self-protection design. When the voltage is lower than 10V, it will be automatically closed, ensuring that the battery has enough electric energy to start the vehicle.

What is a car power inverter?

Made of imported components, the car power inverter is equipped with fan cooling. 12v inverters for car are widely used to charge and power electronic products, daily office, life assistance during travel, etc. Vehicle power inverter for sale, continuous power 120w, peak power 300w, DC 12V to AC 220V.
