

# Copenhagen CRRC Energy Storage Project

## Overview

---

Does Copenhagen Energy offer ancillary services & energy arbitrage?

Commenting on the Danish energy storage market, Copenhagen Energy said that it offers a solid mix of revenue opportunities through both ancillary services and energy arbitrage.

When will Copenhagen Energy be commissioned?

With construction works scheduled to begin late this year, the facilities are expected to be commissioned in the first half of 2026. Copenhagen Energy has been developing the projects since the start of 2024.

Who will supply Copenhagen Energy's 132 MWh Everspring battery energy storage system?

Copenhagen Energy's 132 MWh Everspring battery energy storage system (BESS) portfolio will be supplied by Huawei Digital Power. Image: Huawei Digital Power. Copenhagen Energy's 132 MWh Everspring battery energy storage system (BESS) portfolio will source its technology from Huawei Digital Power.

What will Copenhagen energy do in 2024?

Copenhagen Energy has been developing the projects since the start of 2024. It will now proceed work with the procurement of long-lead components such as batteries, inverters, and transformers, after which it will choose engineering, procurement and construction (EPC) contractors and key suppliers.
