

Do I need to bring an solar container outdoor power to Ghana

Overview

How to import products from Ghana?

3. For Ghanaian Food and Drug Authority (FDA)-regulated products (certain food products, cosmetic, and drugs), the importer/agent applies to the FDA to register as an importer and to register the product to be imported via ICUMS for an FDA import permit, valid for one year.

What are Ghanaian import restrictions & prohibitions?

In Ghana, various goods are subject to import restrictions and prohibitions due to health, safety, security, and environmental concerns. Understanding the categories of prohibited goods is vital for traders aiming to comply with Ghanaian laws and regulations.

How to clear imported goods in Ghana?

One must be in possession of the under-listed documents before or at the time the imported goods arrive at the ports of Ghana to facilitate the clearing process. Submit declaration in Integrated Customs Management System (ICUMS) front end by the clearing agent which must include all the above requirements before or after the arrival of the goods.

What does an importer do in Ghana?

Importer or agent pays fees and obtains a vehicle toll pass and a waybill from Ghana Ports and Harbors Authority (GPHA). 12. Terminal clerk cross-checks and confirms that the correct fees have been paid. 13. Customs Preventive Officers check the documents, and then release the goods.
