

# Energy storage solar products in Gothenburg Sweden

## Overview

---

Is Gothenburg a good place to invest in renewables?

“Gothenburg is one of the fastest growing regions in Sweden when it comes to renewables and there is a lot of competent people and companies in the region that we can connect with,” says Tomas Lundkvist. The focus in Sweden initially is on building solar parks in sizes from 20 hectares and up.

Is solar energy a good investment for Sweden?

“Sweden is a young market for solar energy with large potential. The country has ambitious sustainability goals, and solar energy can play an important role in achieving them,” says Tomas Lundkvist, country manager for Sweden at Novar.

How much electricity is needed in Gothenburg & West Sweden?

In Gothenburg and West Sweden, the need for electricity is expected to rise from 18TWh in 2022 to 57 TWh in 2045, shows a report from Region Västra Götaland, the county administrative board and the state-owned authority Svenska Kraftnät.

What is the energy storage industry?

Energy Storage forms part of the Energy industry, which is the 14th most popular industry and market group.
