High quality on solar container grid inverter in Norway

Overview

Ginlong (Solis) Technologies er et børsnotert selskap, etablert i 2005. Solis har i dag et av de bredeste utvalgene av installerte gridinvertere globalt med vekselrettere som konverterer likestrøm fra solce.

Why should you choose a solar storage container?

Customize your container according to various configurations, power outputs, and storage capacity according to your needs. Lower your environmental impact and achieve sustainability objectives by using clean, renewable solar energy. Lower energy/maintenance costs ensure operational savings.

Why should you choose a modular solar power container?

Go big with our modular design for easy additional solar power capacity. Customize your container according to various configurations, power outputs, and storage capacity according to your needs. Lower your environmental impact and achieve sustainability objectives by using clean, renewable solar energy.

Where are solar power plants made?

Headquartered in Shanghai with 50,000+ production bases across Jiangsu, Zhejiang, and Guangzhou, the company employs 1,000+ professionals, including 20+ engineers driving energy storage technology. ISO/TUV/CE-certified units deliver rapid-deploy solar power for off-grid, emergency, and mobile applications, reducing emissions by 70% vs diesel.

High quality on solar container grid inverter in Norway

[Solis Launches High-Voltage Solar Storage Solution for ...](#)

Nordic, Europe - August 4, 2025 - Solis, a globally recognized PV inverter manufacturer, today announced the certified compatibility between its Six Generation-S6-EH3P (30-50)K-H hybrid ...
