

Highway Folding Container Hybrid

Overview

What is a seafold HC 40?

Please Wait. A password will be e-mailed to you. Compact Container Systems (CCS) has launched the SeaFold HC 40' container, the world's first five-in-one, foldable shipping container to improve operating inefficiencies, reduce unnecessary container movements, and reduce carbon emissions throughout the transportation and logistics supply chain.

Could a five-in-one foldable container design boost efficiency?

A five-in-one foldable container design certified by the International Geneva-based International Standard Organization (ISO) could boost efficiency and transform the carriages of empties, claims Florida-based Compact Container Systems (CCS). The SeaFold container opened out and stacked Credit: Compact Container Systems.

Could a seafold 40' container slash the cost of repositioning empty containers?

More than a fifth of containers are returned empty to their port of origin empty, according to estimates. CCS claims that the SeaFold 40' box could potentially slash the cost of repositioning empty containers by 56%, save storage space by 80%, and drive down carbon emissions by 70%.

How many seafold containers are empty?

The SeaFold container opened out and stacked Credit: Compact Container Systems More than a fifth of containers are returned empty to their port of origin empty, according to estimates.

Highway Folding Container Hybrid

Hybrid Container Designs for Multimodal Transport Efficiency

The global logistics industry is constantly evolving, and hybrid container designs are emerging as a game-changer for multimodal transport efficiency. These innovative solutions bridge the gap ...
