

How much does a 150 watt Ip67 solar light cost

Overview

How much do solar street lights cost?

All-in-One Solar Street Lights: These lights have the solar panel, battery, and LED lamp integrated into a single unit. They are easier to install and typically cost less upfront. Prices can range from \$100 to \$500 per unit. **Split-Type Solar Street Lights:** In this design, the solar panel and the battery are separate from the light fixture.
