

# How much does a household energy storage power supply cost in Gothenburg Sweden

## Overview

---

Why does electricity cost so much in Sweden?

For instance, during colder months, demand for electricity can surge, leading to higher prices. Similarly, global events such as geopolitical tensions or changes in energy policies can also impact the cost of electricity. As of now, the average electricity price in Sweden is around 65 öre per kWh.

Which companies offer 100% renewable electricity in Gothenburg?

**Fortum:** Fortum is renowned for its customer service and transparent pricing. They offer various plans, including options for 100% renewable electricity.

**Göteborg Energi:** A popular choice in the Gothenburg region, Göteborg Energi is a municipally owned company known for its commitment to sustainability and local community.

What are the best electricity providers in Sweden?

**Vattenfall:** As one of Sweden's largest electricity providers, Vattenfall offers various plans to suit different needs. They're known for their commitment to sustainability and their efforts to transition towards a fully renewable energy system. **E.ON:** E.ON is another major player in the Swedish electricity market.

How do I get electricity prices in Sweden?

We collect hourly prices for electricity in Sweden's different areas directly from the Nordpool electricity exchange. These prices, which are originally quoted in Euro, are converted into Swedish kronor using the current exchange rate from the Riksbank.
