

Huawei Budapest solar energy storage box

Overview

Where is the largest battery energy storage system in Hungary?

Image: MET Group. IPP MET Group has put a 40M/80MWh BESS in Hungary into commercial operation, deployed using technology from Huawei. The 2-hour battery energy storage system (BESS) is the largest in Hungary, Switzerland-headquartered MET Group said, deployed at its Dunamenti thermal power plant in Százhalombatta, near Budapest.

Why should you invest in a Huawei PV+ESS system?

Huawei offers industry-leading grid-forming technology and safe, reliable battery energy storage systems. Our intelligent, integrated PV+ESS solutions are designed to enhance grid resilience and support investors in maximizing long-term value.

Is Huawei a Bess company?

The company already deployed a 4MW/8MWh BESS there using Tesla Megapacks in 2022, but for the larger project opted to use China-based electronics giant Huawei. Although not the most regular figure in BESS news, Huawei does have a major presence in the industry.

Is Huawei a Bess integrator?

Although not the most regular figure in BESS news, Huawei does have a major presence in the industry. Wood Mackenzie ranked it as the fourth-largest BESS integrator in the world in 2022, after Sungrow, Tesla and Fluence.
