

# Huawei UAE Dubai Magnesium Energy Storage Project

## Overview

---

Will Huawei supply battery energy storage technology to world's largest solar project?

Huawei Wins Bidding to Supply BESS Technology to World's Largest PV Energy Storage Project (Yicai Global) Oct. 22 -- A subsidiary of China's Huawei Technologies has won the bidding to supply battery energy storage system technology to the world's largest solar power storage project, according to The Paper.

What will Huawei do for Saudi Arabia's Red Sea project?

The Huawei unit will provide a 1,300-megawatt BESS to the Red Sea Project, a new tourist-focused city to be built on the Saudi Arabian coast. Saudi ACWA Power will develop the energy storage project, which will begin construction work next June and complete by March 2023, with SEPCO III as the general contractor.

How does Huawei's energy storage solution work?

Huawei's energy storage solution solves the problem of operating large independent photovoltaic energy storage networks safely and stably and cuts the cost of electricity generation in the project's life cycle to less than 10 US cents per kilowatt hour, Huawei told The Paper.
