

Is there any communication with the 5g base station in Lesotho

Overview

Why is Econet launching 5G in Lesotho?

The commercial introduction of 5G by Econet is poised to meet the increasing demand for high-speed connectivity from its customers more effectively. This technological advancement is expected to not only attract new subscribers but also strengthen Econet's position in Lesotho's telecom market, particularly in the internet services sector.

Is 5G coming to Lesotho?

Following in the footsteps of Vodacom, which introduced the technology in August 2018, Econet Lesotho has become the second mobile operator in the country to deploy 5G, marking a significant step forward for Lesotho's telecommunications sector.

Does Lesotho have a high Internet penetration rate?

Additionally, the country faces challenges with overall internet adoption; as per DataReportal's latest statistics, Lesotho had only 1.1 million internet subscribers at the beginning of this year, equating to a penetration rate of 47%.
