

Lithium power station factory in Abu-Dhabi

Overview

Why did Khalifa establish a lithium processing plant in Abu Dhabi?

Mohamed Al Khadar Al Ahmed, CEO, Khalifa Economic Zones Abu Dhabi - KEZAD Group said: “The establishment of the lithium processing plant aligns with the UAE’s broader goals of innovation and sustainable development, as well as KEZAD Group’s goals for sustainable development.

What is the significance of a lithium processing project in Abu Dhabi?

This initiative is expected to drive demand for battery materials within the country, further underscoring the significance of the lithium processing project. KEZAD Group, a leading operator of integrated economic zones in Abu Dhabi, along with UAE-based Titan Lithium, has recently inked a significant 50-year land lease agreement.

Is Abu Dhabi a pivotal hub in lithium processing?

Lithium is the new oil, and through this project, we are positioning the UAE, and specifically Abu Dhabi, as a pivotal hub in the lithium processing domain.” The project is poised to create a number of job opportunities, stimulate the local economy, and place Abu Dhabi at the forefront of the lithium processing industry.

Is Abu Dhabi a key player in the global lithium processing landscape?

“Lithium holds the key to our energy future, and through this initiative, we’re positioning Abu Dhabi as a pivotal player in the global lithium processing landscape,” remarked Vaibhav Jain, the founder and president of Titan Lithium Industries.
