What is a mobile light tower?

A mobile light tower is a temporary area lighting system built to be easily deployed for application where optimal visibility is crucial and grid-connected fixed lighting is costly or difficult to install.

Where can I hire mobile lighting towers in Northern Ireland?

With depots in Cookstown, Castlereagh, and Mallusk, KDM Hire provides easy access to mobile lighting towers for hire throughout Northern Ireland. Whether you need tower lights for an event, construction site, or emergency response, we offer fast, convenient collection or delivery to ensure your site remains well-lit.

Why do construction sites need mobile lighting towers?

Construction projects often extend into the night or take place in areas where natural light is insufficient. Mobile lighting towers provide the illumination needed to keep workers safe and productive. Our LED and metal halide towers offer bright, reliable lighting for large and small construction sites alike.
