# Manufacturers directly purchase solar panels

## Overview

---

Who makes solar panels?

Suntech: Produces solar panels that combine innovation, quality, and service to deliver high performance. Sharp Energy: Known for its advanced solar PV (photovoltaic) technologies and solutions. It's important to note that these brands typically have strict distribution systems in place.

Who are the best solar panel manufacturers in China?

Below is a brief overview of the top 10 solar panel manufacturers in China, with a more detailed examination available in the article "Top 10 Best Solar Panel Manufacturers In China" here. Trina Solar: A global leader in the solar industry, known for its high-quality, innovative solar solutions.

How to buy solar panels from China?

Follow these steps to buy your solar panels from China: Search for suppliers with your required specifications of solar panels from directories and B2B portals like Alibaba, Global Sources, Made-in-China, etc. You can also find the suppliers by searching directly through their websites. Get a quote from 4 to 5 suppliers for your requirements.

How to find a Chinese solar panel manufacturer?

In such cases, searching for Chinese photovoltaic suppliers through Google can be a great option. Furthermore, China hosts numerous B2B websites that allow you to find reliable and scalable solar panel manufacturers, including Alibaba and 1688.com. Social media offers an excellent way to find and verify Chinese photovoltaic manufacturers.
