

# Namibian off-grid solar-powered container used in port 30kW

## Overview

---

Why should you choose a modular solar power container?

Go big with our modular design for easy additional solar power capacity. Customize your container according to various configurations, power outputs, and storage capacity according to your needs. Lower your environmental impact and achieve sustainability objectives by using clean, renewable solar energy.

Where are solar power plants made?

Headquartered in Shanghai with 50,000+ production bases across Jiangsu, Zhejiang, and Guangzhou, the company employs 1,000+ professionals, including 20+ engineers driving energy storage technology. ISO/TUV/CE-certified units deliver rapid-deploy solar power for off-grid, emergency, and mobile applications, reducing emissions by 70% vs diesel.

Where is the Maxwell 10 MWAC PV plant located?

The Maxwell 10 MWac PV Plant for B2Gold Otjikoto Mine was successfully commissioned on 27 March 2025, marking the completion of a yet another important renewable energy project. Located approximately 75km north of Otjiwarongo in the Otjozondjupa Region of Namibia,

## Namibian off-grid solar-powered container used in port 30kW
