Shop today at Canadian Off-Grid Solar!.

Can you go off-grid with a solar inverter system?

Stay powered with the industry's most trusted inverter systems. Start your sustainable energy journey today. Going off-grid doesn't have to be complicated. We provide professional off-grid solar installations across Canada designed to fit your location and energy needs.

What is an off-grid Solar System?

Our off-grid solar systems are an environmentally friendly option for generating power. By using renewable energy sources like solar power, you can reduce your carbon footprint and contribute to a more sustainable future. Our off-grid solar systems are a cost-effective option for generating power in remote locations.

Are off-grid solar systems easy to install?

Our off-grid solar systems are easy to install and require minimal maintenance. They are designed to be user-friendly, allowing you to get up and running quickly and easily. Our Cottage Life Series I, II, and III Off-Grid Solar Systems are made up of high-quality components that are built to last.
