What is a solar container?

Our Solar Containers are designed in a way to maximize ease of operation. It's not only meant to transport PVs but also to unfold them on site. It is based on a 20' sea container. The efficient hydraulic system helps quickly prepare the Solar to work. Because of their construction, our containers offer unmatched flexibility and mobility.

Where can I get solar training?

Solar Energy International (SEI), a non-profit organization, is the oldest and largest solar training provider in the United States. SEI offers NABCEP-accredited courses in solar installation, solar sales, and marketing. Zillow is America's largest real estate website, with data for over 110 million homes nationwide.

Is there a free online solar panel calculator?

As such it is the only free online solar panel calculator that properly accounts for the effects of time of use billing on solar savings. Most online solar panel calculators just estimate annual usage and production, ignore this complexity and give inaccurate results.
