

Papua New Guinea inverter high power 6000w

Overview

What is 6000 watt power inverter?

Reliable High Efficiency Inverter 6000W 12V 24V 220V 120V 50HZ 60HZ
Power Converter 6000 Watt Pure Sine Wave Power Inverter converts DC power (battery, battery) into alternating current (typically 220V, 50Hz sine wave). It consists of an inverter bridge, control logic and filter circuits.

Which inverter is suitable for inductive load and resistive load?

The pure positive sleek inverter is suitable for any inductive load and resistive load. The inductive load includes various equipments with AC motor, refrigerator, washing machine, etc. Note: Our products update constantly. The technical parameter is for reference only. Please refer to our real product.

What is a pure positive sleek inverter?

It consists of an inverter bridge, control logic and filter circuits. The pure positive sleek inverter is suitable for any inductive load and resistive load. The inductive load includes various equipments with AC motor, refrigerator, washing machine, etc.
