

Payment for a 120-foot collapsible container for urban lighting

Overview

How much does a shipping container cost in 2024?

Let's get into the shipping container market prices for 2024. The prices show substantial variations that depend on container conditions and locations. The current market shows new one-trip shipping containers ranging from \$2,800 to \$7,800. Used containers give buyers more budget-friendly options at \$1,400 to \$3,500.

What are collapsible shipping containers?

While shipping containers are typically thought of as containers to be used for shipping, collapsible shipping containers bring a whole new angle. Collapsible shipping containers are very similar to regular shipping containers. The difference in the collapsible ones is that they are just that, collapsible.

How much does a shipping container cost?

The current market shows new one-trip shipping containers ranging from \$2,800 to \$7,800. Used containers give buyers more budget-friendly options at \$1,400 to \$3,500. Containers with special features like double doors or open sides naturally cost more. Here's a breakdown of current market prices: Container prices vary substantially by location.

How much does a cargo-worthy container cost?

Cargo-worthy containers give you an excellent middle-ground option. These containers show some wear but keep their structural integrity for international shipping. The price of cargo-worthy containers typically range from \$1,300 to \$6,000. They are a budget-friendly choice for many businesses.
