Overview

Is Slovakia a good place to start a manufacturing business?

When exploring the manufacturing industry in Slovakia, several key considerations emerge. The country boasts a strategic location in Central Europe, making it a hub for automotive and electronics manufacturing, with notable companies like Volkswagen and Kia having established their presence.

How many staff are there in the Slovak Milling Company?

Our headquarters are located in Oravská Polhora, and we employ approximately 30 staff members. We have our own machinery and metrology equipment — 3- and 5-axis milling machines, lathes, EDM machines, grinders, and 2 CMM devices. Our cus. aims to bring together companies that are leaders in the Slovak industry.

Why is Slovakia a competitive country?

The competitive landscape is characterized by both domestic firms and foreign investments, leading to a diverse market with varying levels of technological advancement. Additionally, Slovakia's integration into the global market provides access to international supply chains, enhancing export potential.
