

Sierra Leone Solar Container Three-Phase

Overview

Who is supplying containerized solar power in Sierra Leone?

Photo: Michael Duff – InfraCo PowerGen, through their Sierra Leone project company Off-Grid Power (SL) Ltd*, has tendered 20 containerized solar systems for implementation in Work Package 2 of the RREP. The German system integrator and EPC Asantys Systems GmbH was selected to supply the containerized solar power assets.

How many energy containers are there in Sierra Leone?

One out of 20 energy containers designed and delivered by Asantys Systems GmbH and installed by the operator partner PowerGen in a village in Sierra Leone. Photo: Michael Duff – InfraCo.

Does Sierra Leone have a solar project?

Sierra Leone launches the World Bank-backed RESPITE solar project, bringing clean energy to 28 underserved communities and boosting economic growth.

How will the response project transform Sierra Leone's energy landscape?

The RESPITE project is poised to transform Sierra Leone's energy landscape. Currently, only about 20% of the population has access to electricity, with many relying on costly and polluting diesel generators. The introduction of solar mini-grids will offer a cleaner, more affordable alternative, marking a pivotal shift toward renewable energy.
