

Solar panels in Rabat

Overview

What is the Moroccan Agency for Solar Energy (MASEN)?

In 2010, the Moroccan Agency for Solar Energy (MASEN), a public-private venture, was set up specifically to implement these projects. Its mandate is to implement the overall project and to coordinate and to supervise other activities related to this initiative.

When will Morocco's solar project be completed?

The first plant, under the Moroccan Solar Plan, will be commissioned in 2014, and the entire project is expected to be complete in 2019. Once completed, the solar project is expected to provide almost one-fifth of Morocco's annual electricity generation.

Does Morocco have a solar plan?

Morocco is planning USD 13 billion expansion of wind, solar and hydroelectric power generation capacity which would catapult the share of renewables in the energy mix to 42% by the year 2020, with solar, wind and hydro each contributing 14%. Moroccan Solar Plan.

How much does Morocco's new power plant cost?

African Development Bank, in partnership with the Global Environment Facility and Morocco's National Electric Authority (ONE), is financing approximately two-thirds of the cost of the plant, or about 200 million Euros.
