

# Solar powered portable outlet in Sao-Paulo

## Overview

---

Do you need a power adapter in so Paulo?

São Paulo is commonly visited alongside destinations in Uruguay, Argentina, or Paraguay. See what kind of adapter you'll need. In São Paulo, they use Type C and N power plugs and outlets. Type C outlets have two round prongs and no grounding pin. Type E and F plugs usually fit too, but grounded plugs will need an adapter.

What plugs & outlets does so Paulo use?

São Paulo uses the same plugs and outlets as the rest of Brazil. Need a travel adapter for São Paulo?

Find out everything about plugs, outlets, and voltage differences.

Do you need a travel adapter in so Paulo?

In São Paulo, they use Type C and N power plugs and outlets. The voltage is 127/220V, and the frequency is 60Hz. So, you'll need a travel adapter in São Paulo. Their plugs and outlets are different from the Type A and B ones we use back in the States. Need a travel adapter?

Yes, you do need a travel adapter Need a voltage converter?

.

Do I need a voltage converter in so Paulo?

In São Paulo, the power supply operates on a different voltage than the U.S. standard of 120V, so a voltage converter is likely required for your devices to work properly. Always double-check the voltage label on your electronics before traveling.
