

# Sri Lanka Energy Storage solar Industry Project

## Overview

---

Is India building a floating solar power plant in Sri Lanka?

India is to commission floating solar power plants in Sri Lanka, the Indian High Commission in Colombo said today. Prime Minister Narendra Modi inaugurated the world's largest and first of its kind renewable energy park comprising both wind and solar energy with a total capacity of 30 GW at Kutch in Gujarat on 15 December 2020.

How to get solar PV roof top installation in Sri Lanka?

Solar PV service providers (applicant company), having capacity to deliver the complete package of services including survey, design, supply of equipment/materials, installation & commissioning and post installation back up support must register at the Sri Lanka Sustainable Energy Authority to engage in Solar PV Roof Top installation in Sri Lanka.

What is warranty cover for solar panels & inverters in Sri Lanka?

Warranty cover by the service provider for mounting structure and wiring for 10 years. Vendors/service providers shall submit necessary test certificates from accredited laboratories and obtain the conformity certificate from Sri Lanka Sustainable Energy Authority for PV panels, inverters and DC Cables as appropriate.

What is a rooftop solar PV power generation project?

The "Rooftop Solar PV Power Generation Project" provides electricity consumers with long-term debt financing for installation of rooftop solar photovoltaic power generation systems in Sri Lanka.
