

Super long-lasting solar lights

Overview

How long do solar lights last?

Once fully charged, they can run anywhere from 4 hours to more than 10 hours into the night. Factors like the weather and solar panel placement can affect both the charging time and battery life of outdoor bulbs. When it comes to solar light performance, the sunnier, the better.

How long do solar string lights last?

The LED bulbs are expected to last 20,000 hours while the solar panel has a life of about two and a half years. The solar string lights are meant to be durable, with their shatterproof material and Brightech's WeatherTite technology.

What is the brightest solar floodlight?

The Ring solar floodlight is a versatile outdoor solar light that provides reliable and bright illumination as well as optional smart integration. This is the only light we tested that has a backup battery, and at 1200 lumens, it's also the brightest light we tested.
