

Tcl solar air conditioner

Overview

What is a TCl air conditioner?

TCL air conditioners create a fresh and cool feeling in your home with a smart inverter, powerful cooling, and more advanced technology. Join the experience!.

Where is TCL air conditioner made?

TCL has a joint venture with Italy Delonghi group to produce portable air conditioner and dehumidifier, the annual production capacity is 1 million pcs. Besides these 3 bases in Zhongshan, TCL has another base in Wuhan city of Hubei province to produce air conditioner for Chinese domestic market, the annual production capacity is 3 million.

What is a TCL Ultra-Inverter air conditioner?

A TCL Ultra-Inverter Air Conditioner features 100% Copper Tubing in both the indoor and outdoor unit, increasing the efficiency of heat transfer. It also includes an I Feel mode, which takes the environmental temperature directly via a sensor built into the remote for high precision in sensing the room temperature.

What makes TCL a great brand?

Backed by 1,000+ R&D experts, it pioneers 9 core technologies, including Deep Sleep Smart Fresh Air and AI Energy-saving. Focused on digitalization, intelligence, and green development, TCL is building world-class smart manufacturing to become a trusted global brand in healthy air and thermal management.
