

Which Malawi Telecommunications Company has more base stations

Overview

What is the mobile telecommunications market in Malawi?

The Malawian mobile telecommunications market is a duopoly, with Telecom Networks Malawi (TNM) and Airtel Malawi (Airtel) as the two players. These hold 56% and 44% of registered sim cards for Airtel and TNM respectively. It all started in 1995, became green vs red in 1999.

Which mobile networks are available in Malawi?

In Malawi, there are two mobile networks, Airtel Malawi and TMN, which provide the vast majority of connections for voice and data services. Both operators have invested in LTE technologies to improve the quality of data services.

Is Malawi lagging behind in the development of telecommunications?

Compared to the United States, Malawi is massively lagging behind in the development of telecommunications. Under the country code +265, there were a total of 12.90 million connections in 2024. Among them were 12.89 million mobile phones, which corresponds to an average of 0.61 per person. In the US, this figure is 1.1 mobile phones per person.

What is Airtel Malawi?

Airtel Malawi is a mobile service provider connecting millions of Malawians to the world through data and voice solutions, as well as mobile & fixed internet/broadband services. Airtel also offers the largest mobile money service in the country through Airtel Money.
