Wholesale 10000 watt inverter in New-Zealand

Overview

What types of inverters are available?

These are available as: Single-phase: designed for home and small business applications. Three-phase: developed for higher yield and more suitable for commercial environments. Hybrid inverters: have the option to draw power from the grid or your energy storage system. Hybrid inverters are great during power blackouts.

Why should you choose trade depot solar inverters?

Maximise your solar energy with high-performance inverters from Trade Depot. Convert and manage power efficiently for a dependable energy solution - NZ Wide Delivery.

What payment methods does waveinverter accept?

Payment Methods: We accept payment in store by EFTPOS, Creditcard and Cash. Welcome to Waveinverter at 15 View Rd, Henderson, Auckland We are a one stop shop for everything related to off-grid power, we look after customers with solar powered homes, marine, motorhome and trade vehicles.
